Secondary Science Course Sequences

9th Grade	10th Grade	11th Grade	12th Grade
Biology 1 Physical science*	Biology 1 Physical science* Chemistry 1 Physics 1 Anatomy and Physiology~ AP Physics I	Chemistry 1 Physics 1 Ecology Anatomy and Physiology~ AP Chemistry^ AP Environmental Science# AP Biology# Organic Chemistry& AP Physics I AP Physics II@ AP Physics C+	Chemistry 1 Physics 1 Ecology Anatomy and Physiology~ AP Chemistry^ AP Environmental Science# AP Biology# Organic Chemistry& AP Physics I AP Physics II@ AP Physics C+

Placement in science courses depends on teacher/administration recommendation.

***Students cannot take physical science after taking either chemistry or physics**
~Prerequisite of biology 1
^Prerequisite of chemistry 1
#Prerequisite of biology 1 and chemistry 1
&Prerequisite of chemistry 1; students need to be co-enrolled in a AP science or have already completed 2 AP sciences
@prerequisite of AP Physics I
+prerequisite of physics 1/AP Physics I and Calculus (can be taken concurrently)
